

Alabama Society of Professional Engineers

A state society of the National Society of Professional Engineers

Dear Fellow Professional:

On behalf of the Alabama Society of Professional Engineers, it is my pleasure to announce **Friday, October 16, 2009** as the

5th Annual Alabama Engineering Ethics Day.

Because ASPE promotes licensure, professionalism and ethics, seven chapters around the state will be offering 4 professional development hours focusing on ethics on **October 16, 2009 from 1:00pm to 5:00pm** at the locations listed below. **Doors will open at 12:15pm** so that the presentations can begin on time. The cost is only \$10 for Students and ASPE members, and \$100 for non-members. This is an easy and inexpensive way of earning needed pdh's for license renewal. A registration form is included for your convenience. Seating may be limited, so don't delay—register now and attend a seminar near you!
