Mobile, Alabama

December 2006

FROM THE PRESIDENT'S DESK

I hope everyone had a Happy Thanksgiving! We would like to extend our appreciation to Mr. Rob McElroy for his presentation at the November meeting on the grease recycling and alternative fuel program at Daphne Utilities. It is exciting to hear about programs that assist with providing for a cleaner and safer environment while also producing a beneficial product. The public education campaign is also exciting to see embraced by so many individuals.

Congratulations to John Crawford and all who helped with the City of Mobile Permitting Seminar on November 3, 2006 for a successful seminar that benefited the Engineering community. We appreciate the City's effort and time to assist with informing the public on the permitting process.

December's meeting will be held jointly with ASCE on Wednesday, December 6, 2006 at noon at the Z-Technology Center at the Hank Aaron Stadium. Mayor Sam Jones will be our guest speaker. I know everyone is anxious to hear about all the ongoing and upcoming projects with the City. Since we are anticipating a large crowd with the joint meeting, it is important to have an accurate attendance count for the meal. Please respond to this email if you plan to attend. We look forward to seeing everyone next week.

Melinda Immel, P.E., President

MEETING ANNOUNCEMENT

When: Wednesday December 6, 2006

Where: Hank Aaron Stadium

Time: 12:00 p.m. - 1:00 p.m.

Speaker: Mayor Sam Jones

Topic: Mobile Community Development Activities

Cost: \$10 per person (includes meal)

RSVP: Please e-mail an "RSVP" to crawfordj@cityofmobile.org by November 6th.

MATHCOUNTS is a national math enrichment, coaching and competition program open to all 6th, 7th and 8th grade students. MATHCOUNTS brings together educators, youth, industry sponsors and volunteers. More than 17,000 volunteers from the business and education communities annually organize and conduct the program in communities nationwide. Local and state competitions are coordinated through the leadership of state and local chapters of NSPE. Without volunteers from the local chapters, this competition would not be possible.

Please contact Sean Shea at 342-1070 if you would like to volunteer. For additional information on MATHCOUNTS, please visit www.mathcounts.org.

In an effort to reduce postage costs, we are sending this newsletter by email to all email addresses available from NSPE and from my recent personal contact with members. If you would like to receive this newsletter in hard copy by the U.S.P.S. or are not receiving it by email and would like to, please contact John Crawford at 208-7627 or crawfordj@cityofmobile.org
